**COST OF ELECTIONS**

Cost of Elections only need to be provided once **for each municipality** – not for each reporting unit.

**INSTRUCTIONS:** Please only include costs that occurred since your last GAB-190 form submission and up to 30 days following an election if the costs are related to the most recent election. If you are awaiting a bill or invoice for the final costs of election-related expenses, we suggest using the best information available prior to the 30-day deadline to submit the GAB-190 form. For example, you could use the cost provided on a bid or quote. You could also contact your vendor(s) to determine if the bid or quote is likely to change significantly. If a County Clerk pays for something up front but later bills or pro-rates that cost to municipalities, the County Clerk could provide municipalities with their best available information, or the Municipal Clerk could contact the County Clerk for these data. To enter cost data, click on the election from the menu on the left in WEDCS. The cost report will be at the top of the list of reports for counties. The cost report for municipalities will be after all reporting units for most municipalities. If your municipality is in multiple counties, the cost report will be after the last reporting unit in your “MAIN” jurisdiction.

**Self-Providers & County Clerks:** All Self-Providers and all County Clerks are asked to enter the Cost of Elections information directly into the WEDC System for their respective individual municipality or individual county.

**Provider Clerks:** All Provider Municipal and County Clerks are asked to collect the information election costs from their relier municipalities via the GAB-190 form. Provider clerks are asked to enter this information into WEDCS on behalf of their respective Reliers.

**Relier Clerks:** In order to reduce additional burden on Municipal and County clerks who are Providers, the G.A.B. asks all municipal clerks who are reliers to fill out the information below and return the GAB-190 to their Provider so that these data can be entered into WEDCS.
