

Plant Dane!

Rain Garden Plant Cost-Share Program

You can make a difference...

by installing a rain garden. Rain gardens help rain and melting snow soak into the ground instead of washing pollution to the nearest lake or stream. Plant Dane! helps you by providing native plants for only \$1.80 each!

Order online at myfairlakes.com.

Choose from over 50 popular species. Go online to myfairlakes.com today to order your plants from the Plant Dane! Cost-Share Program so you can install your rain garden and help Dane County's lakes and streams!
